Health Awareness Group

The Health Awareness Group was established in December 2006. Its goal is to upgrade the services of the Clinic and to promote health awareness and health care among members of the university community including students, staff & faculty.

Objectives
1. To organize presentations/workshops/activities on health awareness, health wellness and preventive care.
2. To publish periodic printed and electronic bulletins on health topics.
3. To enhance awareness of safety measures in the workplace.

Membership
- Staff Nurse, Chair
- University Doctor
- Representative of the Faculty of Nursing
- Assistant to the Dean of Students
- Director of Personnel Management, Supervisor of the Clinic.
Clinic Services

1. Treatment of patient and routine checkup such as blood pressure or diabetes.
2. Lectures and workshops on health topics.
3. Leaflets on health topics.
5. The E-Clinic, an electronic bulletin published periodically on the Intranet, which covers health-related topics.

Instructions in case of a work accident or injury on campus:

1. Call the Staff Nurse or Doctor at # 2454 and inform them of the site of the accident.
2. The Staff Nurse/Doctor will decide if an ambulance is needed. If needed, they will ask any person to inform the Security Guard at the main gate to call the ambulance. The Security Guard will also open the nearby gate for the ambulance.
3. The Staff Nurse/Doctor will accompany the patient to the hospital and back to the University or as otherwise needed.
